

Senate bill for moving Medical school of U. Va., to Richmond was defeated.

The Senate re-districting bill as passed the Senate puts Appomattox, Buckingham, Cumberland and Charlotte in a district called eleventh.

The Governments largest Air Ship foundered and killed 34 and wounded 8 at Laughey Field, Va., yesterday. The ship was built in Italy and was the largest in the world.

Buckingham
We find that women are really a feature in the political world. The exercise of the right of suffrage has by no means improved her and so far she has done little to cleanse and purify the ballot box. The better class, yes the real ladies with no political axe to grind are disappointed, nay some of them are disgusted and with out taking time to study closely the political situation they just do not care to vote.

Hon. St. George Tucker will again represent the 10th District in Congress and we hope his long experience in public life, his mature judgment and his dignified and pleasant personal appearance, may all rebound to the good of our District and State when he takes his seat in Congress. The day of the Mass Meeting here an amusing incident occurred. Some young men ran their horses into town yelling huray! for Tucker, and Mr. Tucker standing near where one of the boys was cheering for him caught the boy by the hand and said "God bless you my friend", and the young man replied "I am for Tucker" never having seen Mr. Tucker before he didn't know who he was, so Mr. Tucker said "This is Tucker", and of course introductions followed.

It was a curious thing that when the legislature was proposing all sorts of economic measures and reductions of salaries that the proposition should have been made to increase the pay of the members of the legislature.

Dr. T. H. Lacy braved the severe weather and came to fill his appointment at Emanuel church.

Mr. Wiley J. Hubbard who has been kept in the house by rheumatism since Christmas was well enough to get down to the clerks office last week.

All the one-room schools in Mayesville and James River districts will be closed at the end of a 6 month's session.

The fruit trees have been cased in ice so long that we are hoping they may bloom late and so bear fruit this year.

Saw mill men say they have been able to do very little work since Christmas and all hauling and building have practically been at a stand still.

Flour is retailing at \$8 a barrel, corn is still low, but in this county it is scarce; farmers are selling stock feed at 8c and 10c a bush.

Mr. Wm. Greene has taken in a partner at his store at Mt. Vinco.

Mrs. J. W. Wooten has been selling a lot of nice stock turkeys at \$10 each for the gobblers and \$7 each for hens.

Pure bred R. I. R. hens find ready buyers at \$2 each while common mixed breeds are selling at the stores at 15 and 18 cents a pound. Poultry raisers are feeding their laying hens on the most approved foods and get large returns from eggs.

There is little or no profit on veals at this time of the year at the current prices of 12 and 13 cents a pound.

Mr. D. W. Patterson, the accommodating rural mail carrier has carried the Manteo mail under many difficulties this winter, but he has stuck to the job like a little tin soldier.

Mr. Willie Shepherd has been working for a motor company in Farmville.

Vera

Mud! Mud! and more mud! We don't believe in "Mud slinging", but would like to take our roads, roll them up and drop them in front of our legislature, by the time they dug them out there would be a unanimous vote for a bond issue. Our farmers are paying untaxed in taxes right now on such a bond issue and won't have the roads next winter either. The sympathy of our community goes out to Mr. and Mrs. Fletcher Garrette on account of the death of their infant son on February 9th. Mrs. S. B. Megginson and little ones are visiting in Lynchburg. Mr. Ross Reynolds is having improvements made on his attractive store house. Mr. Walker Garrette is soliciting for a grave stones manufacturer. All right Walker when we are ready to dig will let you know. The Vera school wagon have not as yet been buried in the mud; they have gotten the children to school regularly, but some of them will never take another contract until the roads are improved. It looks like winter has broken at that suite us, we have been broken a long time, but a few low can get used to almost anything and the first hundred years are always the worst. We have had our usual mad dog scare this winter. As usual the cur was the cause. We suspect they get mad because the snow covers up the persimmons.

A BOY WITH A FORTUNE

A boy with a fortune is the who has one hundred dollars that himself has saved. His fortune is not alone of the money saved and what boy with a hundred dollars would not feel like a millionaire? of a valuable lesson learned.

Not only has he experienced thrill of possession, but he has caught the thrift habit. He has learned to do without useless things. He longer squanders his money. He better judgment of values. He doubtless a far better boy.

Has your boy started to save? If he has not, there is no better to teach him to begin than now this bank.
